Program Details

- 11 week summer internship- host sites all over the country and sites change from year to year
- Professional development internship that introduces undergraduate and graduate students, from backgrounds historically underrepresented in the National Parks, to career opportunities within Cultural Resource Management in the National Park Service (NPS)
- Positions range from archaeology, museum/archives, research, public outreach/interp/education, tribal outreach/relations, GIS, and more!
- Multiple positions available with the Direct Hire Authority (DHA) program

Program Requirements

- Eligible for participants age 18-30 (up to 35 for veterans, and 21+ if work-related driving is required by position)
- U.S. citizen or permanent resident
- Ability to pass a federal criminal history check
- For Direct Hire Authority (DHA) internships, in addition to above requirements:
  - Must be currently enrolled in a post-secondary education program
  - Must be able to provide proof of enrollment

Program Benefits

- Housing or reimbursements provided by host site
- Biweekly living allowance
- Create your own CRDIP blog posts about your experiences
- Network with and learn from NPS and ACE staff
- Professional development webinars throughout the term
- Opportunity to receive 300-hour AmeriCorps Segal Education Award upon successful completion of term (for eligible positions)
- Direct Hire Authority Certificates for DHA members, eligible for 2 years after successful completion of term

*The DHA Certificate (for DHA CRDIP members only) is a non-competitive hiring authority that can assist in obtaining a permanent, full time federal position through special qualification on USAJobs.
